

Production site in Poland

Headquarter in Denmark

SP Medical's CE marked guide wires are certified under the Medical Device Regulations 2017/745/EEC.

SP Medical develops, manufactures, and distributes disposable items such as guide wires to the hospital sector focusing on minimally invasive procedures in the field of cardiology, radiology, urology and gastro.

At the state-of-the-art facilities in Denmark and Poland, SP Medical manufactures medical devices, single use devices and components, and applies function enhancing coatings to a number of products.

SP Medical is a company in SP Group A/S, an international plastics group headquartered in Denmark. SP Group is listed on NASDAQ OMX Copenhagen.
